

SATURDAY SCIENCE

FREE, fun exploration stations for kids and families,
held on the first Saturday of every month!

August 4 | 10 a.m. - Noon

THE SCIENCE OF HEALTHY LIVING

Learn about researching, preventing and treating cancer!

- Explore research from Carbone Cancer Center
- Learn about sun safety and receive a complimentary sample of sunscreen
- Taste healthy foods and discover how to prepare healthy recipes
- Investigate how the immune system fights cancer
- Walk through giant inflatable organs on display!
